SUMMARY

Full Stack Developer with 1.8+ years of experience building web applications using React.js, Node.js, Express.js, MongoDB, MySQL, PHP, and CodeIgniter. Skilled in developing scalable applications, RESTful APIs, secure authentication systems, and responsive user interfaces. Experienced in delivering end-to-end solutions with a focus on performance, usability, and maintainable code.

WORK EXPERIENCE

MERN Stack Developer

November 2024 – Present

Rdigi Works

- Developed and maintained 5+ production-ready web applications using MERN Stack.
- Designed and implemented RESTful APIs for web applications.
- Developed responsive and user-friendly frontend interfaces using React.js.
- Integrated secure JWT-based authentication and authorization systems.
- Optimized backend APIs and database queries to improve application performance.
- Collaborated with stakeholders to deliver features within project deadlines.
- Participated in debugging, testing, and deployment activities.

Web Developer Intern

August 2024 – November 2024

EasyGoLife (Remote)

- Developed responsive websites using modern frontend technologies.
- Built interactive web pages with improved user engagement.
- Worked on UI enhancements and website optimization.
- Collaborated with team members on project implementation and testing.
- Improved website accessibility and responsiveness across devices.

SKILLS

Frontend Technologies	HTML5, CSS3, Bootstrap, Tailwind CSS, jQuery, React.js, JavaScript, TypeScript
Backend Technologies	Node.js, Middleware, Express.js, API Integration, PHP, CodeIgniter
Database Technologies	MongoDB, MySQL
Auth & Security	JWT Authentication, Role-Based Access Control (RBAC)
Tools & Platforms	Git, GitHub, Postman, VS Code, Netlify, Vercel
Other Skills	REST APIs, Redux Toolkit, React Router, Axios, Context API, Hooks, AI-Assisted Development, Prompt Engineering, Copilot, ChatGPT, Cursor AI

EDUCATION

Bachelor of Science in Information Technology (B.Sc. IT)

2021 – 2024

N.M.F College, University of Mumbai

- CGPI: 8.9

Higher Secondary Certificate (HSC)

2020 – 2021

Pancham Junior College

- Percentage: 80.50%

FEATURED PROJECTS

Product Management System | <https://shlokainternational.in>

Tech Stack: MERN Stack

Project Overview

Developed a full-stack inventory management platform using MERN Stack with product CRUD operations, image uploads using Multer, category management, and inventory tracking.

Key Features

- Product CRUD Operations
- Image Upload Functionality
- Product Categories
- Stock Management
- Search and Filtering

Responsibilities

- Backend API development.
- MongoDB integration.
- Image upload implementation using Multer.
- Frontend dashboard development.

Gamified Learning Mobile Application

Tech Stack: React Native, Android Studio

Project Overview

Developed a mobile learning platform that improves engagement through gamification.

Key Features

- Interactive Learning Modules
- Quiz System
- User-Friendly Interface

Responsibilities

- Mobile UI Development
- React Native Implementation
- User Experience Optimization

NGO Management Website | <https://blacksocialteamfoundation.org/>

Tech Stack: PHP, CodeIgniter 4

Project Overview

Designed and developed an NGO management platform that handled volunteer registrations, donation management, and payment gateway integration, improving operational efficiency for the organization.

Key Features

- Online Donation System
- Payment Gateway Integration
- Event Management

Responsibilities

- Complete full-stack development.
- Deployment and maintenance.
